

The Orange Coast Urology Team:

Orange Coast Urology has been serving coastal Orange County since 1988, and today the consolidated practice offers exceptional urological care to patients.

Located in Newport Beach, California, our doctors provide advanced surgical and non-surgical treatment of disorders of the urinary tracts and adult genital conditions, including care for adults, as well as couples with infertility.

Board certified physicians on our Orange Coast Urology medical team include:

- [Richard E. Holevas, M.D. F.A.C.S.](#)

The most common adult urologic conditions evaluated and regularly treated by our doctors include:

- [Vasectomy](#)
- [Prostate Cancer](#)
- [Bladder Cancer](#)
- [Urinary Incontinence](#)
- [Enlarged Prostate / BPH](#)
- [Laparoscopic Surgery](#)
- [Kidney Cysts](#)
- [Kidney Stones](#)
- [Infertility](#)

The Orange Coast Urology doctors, nurses and office staff are committed to providing patient compassionate and professional patient care. We look forward to serving you as our patient and appreciate the opportunity to assist your health care needs. The office is located in Newport
